SUBJECT INDEX

Volume 12, Numbers 1 to 4
September 1978 through September 1979

Academic Performance
Petersen, C. G., & Howe, T. G. "Predicting academic success in introduction to computers." 12:4:182-191.

Administrative Data Processing
Hansen, T., Klassen, D., & Lindsay, J. "Impact of computer-based information systems upon school and school district administration." 12:1:1-10.

Adult Education
Caldwell, R. M., & Rizza, P. J. "A computer-based system of reading instruction for adult non-readers." 12:4:155-162.

Attitude
Beck, J. L., Jr. "The effects on attitude of anticipated computer-assisted instruction in selected high school courses of study." 12:3:138-145.

Bibliographic Information Retrieval
Holloway, W. H., & Kerr, M. E. "On-line literature searching in engineering education: Cost-effective and attitudinal outcomes." 12:2:63-75

Chemistry
Cavin, C. S., & Cavin, E. D. "Development and formative evaluation of computer-simulated college chemistry experiments." 12:1:42-50.

Computer-Assisted Instruction
Beck, J. L., Jr. "The effects on attitude of anticipated computer-assisted instruction in selected high school courses of study." 12:3:138-145.
Caldwell, R. M., & Rizza, P. J. "A computer-based system of reading instruction for adult non-readers." 12:4:155-162.
Campanizzi, J. A. "Effects of locus of control and provision of overviews in a computer-assisted instruction sequence." 12:1:21-30.
Ellinger, R. S., & Brown, B. R. "The whens and hows of computer-based instructional simulation." 12:2:51-62.
Spencer, J., & Dever, M. K. "OASIS-V: A data-base driven CAI system." 12:2:95-102.
Thomas, D. B. "The effectiveness of computer-assisted instruction in secondary schools." 12:3:103-116.

Computer Consortium
Foecke, J. F. "An educational computing consortium: A sociological perspective." 12:2:84-94.

Computer Education
Molnar, A. R. "The next great crisis in American education: Computer literacy." 12:1:11-20.

Computer Literacy
Bell, F. H. "Computer literacy, school mathematics, and problem solving: Three for the price of one." 12:4:163-170.
Mathews, W. M., & Sullivan, K. "Public perceptions of the computer impact on society." 12:2:76-83.
Molnar, A. R. "The next great crisis in American education: Computer literacy." 12:1:11-20.

Computer-Managed Instruction
Bozeman, W. C. "Computer-managed instruction: State of the art." 12:3:117-137.
Lawrence, B. L., & Spuck, D. W. "Numerical procedures for grouping students for instruction." 12:4:171-181.
Roecks, A. L. "The MICA project: A final look." 12:3:146-154.
Spuck, D. W., & Bozeman, W. C. "Pilot test and evaluation of a system of computer-managed instruction." 12:1:31-41.

Computer Science
Petersen, C. G., & Howe, T. G. "Predicting academic success in introduction to computers." 12:4:182-191.

Data Processing Management
Foecke, J. F. "An educational computing consortium: A sociological perspective." 12:2:84-94.
Mocciola, M. R. "Centralization but decentralization of computing services: A model for schools of teacher education." 12:4:192-199.

Dentistry
Spencer, J., & Dever, M. K. "OASIS-V: A data-base driven CAI system." 12:2:95-102.

Effectiveness
Thomas, D. B. "The effectiveness of computer-assisted instruction in secondary schools." 12:3:103-116.

Engineering
Holloway, W. H., & Kerr, M. E. "On-line literature searching in engineering education: Cost-effective and attitudinal outcomes." 12:2:63-75.

Evaluation
Bozeman, W. C. "Computer-managed instruction: State of the art." 12:3:117-137.
Cavin, C. S., & Cavin, E. D. "Development and formative evaluation of computer-simulated college chemistry experiments." 12:1:42-50.
Ellinger, R. S., & Brown, B. R. "The whens and hows of computer-based instructional simulation." 12:2:51-62.

Roecks, A. L. "The MICA project: A final look." 12:3:146-154.
Spuck, D. W., & Bozeman, W. C. "Pilot test and evaluation of a system of computer-managed instruction." 12:1:31-41.

Futures
Mathews, W. M., & Sullivan, K. "Public perceptions of the computer impact on society." 12:2:76-83.

Higher Education
Mocciola, M. R. "Centralization but decentralization of computing services: A model for schools of teacher education." 12:4:192-200.
Petersen, C. G., & Howe, T. G. "Predicting academic success in introduction to computers." 12:4:182-191.

Individualized Instruction
Lawrence, B. L., & Spuck, D. W. "Numerical procedures for grouping students for instruction." 12:4:171-181.
Spuck, D. W., & Bozeman, W. C. "Pilot test and evaluation of a system of computer-managed instruction." 12:1:31-41.

Instruction
Bell, F. H. "Computer literacy, school mathematics, and problem solving: Three for the price of one." 12:4:163-170.
Ellinger, R. S., & Brown, B. R. "The whens and hows of computer-based instructional simulation." 12:2:51-62.
Holloway, W. H., & Kerr, M. E. "On-line literature searching in engineering education: Cost-effective and attitudinal outcomes." 12:2:63-75.

Instructional Computing
Beck, J. L., Jr. "The effects on attitude of anticipated computer-assisted instruction in selected high school courses of study." 12:3:138-145.
Bell, F. H. "Computer literacy, school mathematics, and problem solving: Three for the price of one." 12:4:163-170.
